

# Patchwork Quilt Combo

## *A Mothers Dream*

Every quilt a mother makes has a unique meaning. We know every stitch, every fabric and every hour. As the winter passes, I find myself looking at yet another quilt ready for the following season. I turn to the Patchwork Quilt Garden, Mother's Dream, to remind me of the craft I'm so fond of. The beautiful flowers fabricate new ideas for the next winter's quilt project. Through the summer season, my Patchwork Quilt Gardens provide for a beautiful and accustomed feeling of the artistry I've grown to love.

## *Living Blocks*

**Petunia**- large flowers with lots of color

**Verbena**-lacy foliage with round flower clusters

# Patchwork Quilt Combo

## *Pinwheel Paradise*

Every mother knows the excitement and chaos of bringing up children, while also knowing the surreal feeling of having them leave home. This sewing pattern reminds me of the joyous time spent with my children, while the Patchwork Garden, Pinwheel Paradise, brings on the same feelings. I feel a small glorification every day as I watch these flowers grow, and I'm reminded of the familiar sense of obligation as I take care of them. The color pattern of this Patchwork Quilt Garden makes for a brighter, and more youthful, summer.

## *Living Blocks*

**Calibrachoa**- Miniature, Petunia-like flowers

# Patchwork Quilt Combo

## *Wild Goose Chase*

The traditional American Flying Geese quilt patterns are isosceles triangles surrounded by skies, grouped to give appearance of Geese flying in formation. This pattern the popular in the United States around 1840, but dates first to became tiles and textiles from centuries ago in Asia and the Middle East.

## *Living Blocks*

**Ipomoea**- Sweet Potato Vine

**Petunia**- large flowers, lots of color

**Verbena**- lacy foliage with round flower clusters

# Patchwork Quilt Combo

## Cathedral Windows

Churches have long been a symbol of accomplishment and beauty. One reason for this is the breathtaking windows that decorate the building. The quilt pattern, Cathedral Windows, is known for its intricacy and diverse use of colors. Much like real life cathedral windows, this quilt pattern of the same name is a spectacular sight that always catches your eye. Our patchwork quilt garden, Cathedral Windows, aims to do the exact same thing. Our beautiful arrangement of flowers can compliment any home

## Living Blocks

**Petchoa** - Petunia like flower with countless blooms

# Patchwork Quilt Combo

## Jacobs Ladder

Sometimes minimalism and simplicity are the most beautiful things in life. The Antique Tile quilt pattern is known for being a project on an easier scale. Commonly this quilt is made scraps left over from other patterns, giving it many personalities from different quilts. To me, I find that a beauty in its self. The Patchwork Quilt Garden, Antique Tile, takes that simplicity and turns it into an extravagant floral masterpiece. Watching the garden grow brightens the season, while it reminds us sometimes the simple things in life should be the most cherished. That while this quilt pattern may be known for its simplicity, our Patchwork Quilt Garden is not. Used to compliment an already impressive garden, or as a beautiful start, the Antique Tile Quilt Garden is guaranteed to stand out.

## Living Blocks

**Torenia** - orchard like flowers  
**Lysimachia** - trailing chartreuse color foliage

# Patchwork Quilt Combo

## Patriot Puzzle

The Patriot Puzzle quilt pattern has been honoring United States veterans for almost two hundred years. Very popular gifts for World War II veterans, more and more of these precious treasures are being discovered. With World War II ending almost 70 years ago, the world is losing its veterans day by day. It's through items like these that a hero's story stays existent. Our Patchwork Quilt Garden, Patriot Puzzle, honors those veterans and aims to keep their spirit alive. By using red, white, and blue flowers, this Patchwork Quilt Garden becomes the perfect patriotic addition to the home.

## Living Blocks

It skies. brings With to the mind use the of beauty darker of colors, the the moon on a Patchwork night Quiltwit Garden, Midnight Gardens, creates a cooling feeling on the hottest summer days. Whether being observed at day or night, the Midnight Gardens give off a unique and mysterious garden, or stand alone as a charming and decorative centerpiece.

## Living Blocks

**Petunia**- large flowers with lots of colors

# Patchwork Quilt Combo

## Opposites Attract

Opposites Attract. Everyone knows the truth behind that statement. Aside from real life examples, nothing expresses the reality of that theory better than the quilt pattern name. The opposites attract quilt pattern is created from the use of recognised shapes, usually circles, split between two different colors. The pattern reminds me of my dog and cat. While two are notorious for not being compatible, my dog and cat are best friends, examples like this go to show that some of the strongest bonds in the world are formed from opposing ideas. Our patchwork quilt Garden Opposites Attracts, represents this. While most colors in the garden are dark, they are contrasted by bright colors that make for a unique addition to your home.

## Living Blocks

**Petunia**- large flowers with lots of color

**Calibrichoa**- miniature petuna like flowers

# Patchwork Quilt Combo

## Grandmother's Flower Garden

When it comes to intricacy, no quilt pattern is more complex than Grandmother's Flower Garden. With the quilt sometimes containing thousands of small hexagons, this pattern is known for its great deal of labor. Even with hundreds of variations, all prove to be a true accomplishment when finished. Our Patchwork Quilt Grandmother's Flower Garden beautiful this pattern is. The flowers and colors are chosen to give the grower a similar feeling of accomplishment as they see the patterns come together. This pattern reminds me of my grandmother, flower and the warmth and comfort she brought to the family. You can never have too many ways to be reminded of a loved one.

## Living Blocks

**Ipomea**- sweet potatoe vine

**Petunia**- Large flower with lots of color

**Verbena**- Lacy foilage with large flower clusters

# Patchwork Quilt Combo

## Lovers Knot

Nothing is stronger than the bond of love, and that's expressed through the quilt pattern Lover's Knot. With overlapping fabrics and colors, the pattern creates multiple knots that symbolize unity. Our Patchwork Quilt Garden, Lover's Knot, has a similar, visual ability. Using the colors orange, yellow, and fuchsia, the garden provides the feeling of warmth. A feeling that one experiences when in love.

## Living Blocks

**Petunia**- Large flowers with lots of colors  
**Calibrachoa**- Large flowers with lots of colors

# Patchwork Quilt Combo

## Double Wedding Ring

The pattern symbolizes love and commitment. A popular gift among newly-weds, these scalloped-arched quilts have been in existence for almost two hundred years. According to legend, the double bands in the quilts pattern were used as a solution for wedding rings during the Civil War. Our Patchwork Quilt Garden, Double Wedding Ring has a pattern that reminds me of the unity of marriage. Day by Ring, day, I watch these flowers grow larger and stronger as I think of effect this pattern has had on so many others and myself. Having this addition can make your garden, and summer, more enjoyable.

## Living Blocks

**Euphorbia**- tiny delicate flowers on petite foliage  
**Petunia**- Large flowers with lots of colors  
**Calibrachoa**- Large flowers with lots of colors

## Program Information

Each Patchwork Quilt Garden Combination is given a name of a common quilt block pattern that suggests the color and texture combinations in the Gardens. The names are timeless, many with over a hundred years of history.

Young plants are propagated in liner trays, clearly marked for easy planting and shipped direct to your greenhouse. Finishing for the grower reads easily. Simplified planting in containers from 8" pots through 14" hanging baskets. Everything is included: plants, labels, boxing, royalties, and freight. The story closes at retail on a theme.

Each Patchwork Quilt Garden combination comes with a large, waterproof, full color, card-label showing the quilt pattern that the garden is named for. The shopper can instantly see the pattern of quilt colors repeated by the flowers in the living Quilt Garden. On the back side of the card, along with plant culture, reads a story of how the quilt pattern and the living Quilt Garden tie together. The result is a complete shopping experience that engages the buyer with beauty and nostalgia. Grow all 12 Patchwork Quilt Gardens in your hanging basket and combination container program.

## Patchwork Container Quilt Gardens

Thank you for growing The Patchwork Quilt Gardens. Your customers will enjoy the beauty of these perfectly matched flowering combinations with a heartwarming connection to increasingly popular time-old craft of quilting. We ship these to you in an easy to plant, all inclusive kit form.

Like a handmade quilt your Patchwork Garden Kit is a collection of components chosen carefully for their color harmony and pleasing texture. Add growth compatibility plus an interesting and nostalgic story and you have a new and completely unique product to offer your buyers.

### Contents:

Each full shipping box contains 2 Quilt Garden Kits.

### Each Quilt Garden kit includes:

150 rooted liners, 3 trays of 50 liners. This is enough to plant 50 pots or baskets, 8 to 10" in size.

50 full color, double sided 4" x 7" hanging tags for each Quilt Garden kit shipped. One tag for each container planted.

## Production and promotion tips.

### Handling Instructions On Arrival:

Remove plants immediately upon arrival and place them on a warm greenhouse bench in bright light.

Water if needed.

### Planting Instructions:

The rooted Quilt Garden Liner label lists the name of the kit, name of the crop and the variety number 1, 2 or 3.

Examples:

Grandmother's Flower Garden Ipomoea 1

Patriot Puzzle Petunia 1 .

Grandmother's Flower Garden Petunia 2

Patriot Puzzle Petunia 2 .

Grandmother's Flower Garden Verbena 3

Patriot Puzzle Petunia 3 .

Each garden contains 3 plants, enough for an 8" or 10" container or basket.

Plant one of each variety in the center of the container as shown. Liners should be planted so that the root ball of each are touching, this assures a natural look to the finished basket.

For 12" to 18" containers or baskets, plant 2 kits into the container as shown. For these larger containers always combine the same kit. For example don't combine Grandmothers Flower Garden with Patriot Puzzle because the habit or color combination will not give your customer the optimum results. Place all plants near the center of the container as shown.

**Typical Production Crop Time:**

10" container – 8 weeks    12" container – 10 weeks    14" container – 12 weeks

**Retail Presentation:**

For basket on the bench presentations, attach the tag at the top of the hanger, this will draw the customer's eye up and create interest even in the early stages of your Patchwork Quilt Garden and invites your customer to read the Quilt story on each tag.

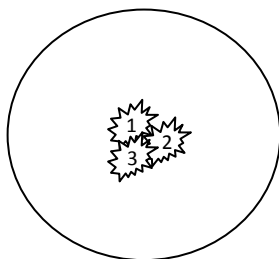

For overhead presentations, attach the tags so that they hang below the basket at or near eyelevel of the shopper also inviting them to read the Quilt story.

Point of Sale, full color posters are available to display. They are two sided and can be hung in an open area or attached to the bench or wall. To order a Patchwork Quilt Point of Sale poster phone, fax or email to Grimes Horticulture: PH 800-241-7333, FX 440,352-1800, EM: Sales@grimes-hort.com.

Make a bold statement with your Patchwork Quilt Gardens by hanging them or benching them together rather than mixing them in with other baskets. This display technique along with point of sale posters will maximize the impact they make on your customers.

Thank you again from all of us at Patchwork Gardens®. Our customers have enjoyed their Patchwork Quilt Gardens over the years and look forward to buying them each Spring. We are certain that your customers will too.
